## DAMAGE BY ARMY WORM IN DRIFTWOOD TOWNSHIP

### SEVERAL LARGE FIELDS INVADDED

Pest in Regimental Form Makes Attacks Near Junction of White and Muscatatuck Rivers.

#### EFFORTS TO COMBAT ENEMY

Invaders Appear First in Timothy Field of D. P. Hinderlider—In the Wheat and Corn.

For the first time in many years the army worm has appeared in Jackson county, having invaded wheat, timothy and corn fields in the southwestern part of Driftwood township. The principal loss up to this time is confined to farms owned by Daniel P. Hinderlider, Dr. Neal Matlock and J. V. Hinderlider.

The farmers are at the loss to know how to combat the pest, regarded as one of the most destructive enemies of growing crops. Several landowners have plowed furrows around fields in an effort to protect standing crops, but their efforts have availed little.

The army worm first appeared about a week ago, it is stated, in a timothy field belonging to Daniel P. Hinderlider, a landowner near the junction of the Muscatatuck and White Rivers. The field was damaged to some extent but part of the hay was not attacked. A few days later the pests traveled to wheat and timothy fields belonging to J. V. Hinderlider and to a wheat field of Dr. Neal Matlock, of Medora. All the fields are located in the same community.

J. V. Hinderlider stated this afternoon that the army worm apparently was concentrating its drive in the timothy. The blades of grass are eaten but the stalks are left standing. The same form of attack is used in the wheat fields where the straw and grain heads are left while the blades are destroyed. The loss of corn in fields where the pest has appeared is not general, it is stated. The corn fields are practically consumed when the regiments pass over them.

Some of the farmers are of the opinion that the principal danger will be past about June 15 when a worm which is an enemy of the army pest is said to appear. For this reason no extensive defensive campaign has been conducted by the land owners up to this time. Dr. Matlock stated that the farmers are at a loss to know how to fight the pest.

This is the first time that the army worm has appeared in this locality for a number of years. Last summer the pest caused heavy losses in certain sections of northern and eastern Indiana and agricultural experts throughout the state attempted to combat them in many different ways. The army worm is reported in small numbers in a few sections of Rush county this spring.

So far as could be ascertained today Driftwood township is the only section of the county wherein the army worm has appeared. Farmers in other communities, however, are on the alert as they realize that their year's work would quickly be destroyed if the pest became as general here as it was in other Indiana counties last summer.

### OBJECT TO CHANGE OF WATER COURSE

Residents on West Laurel Street Endeavor to Stop Building of Concrete Gutter.

#### WORK ORDERED BY COUNCIL

Injunction Threatened but Change is Made Before Papers Could Be Prepared and Filed.

Residents on West Laurel street made an unsuccessful effort today to prevent the construction of a concrete curb and gutter at the corner of Brown and Poplar street which was ordered a month ago by the city council. Threat of an injunction was made, and it is understood that arrangements were made to serve the papers but this course was abandoned when it was learned that the gutter had been constructed at the point in dispute.

The council recently ordered the construction of a concrete curb and gutter at the corner of Brown and Poplar streets to replace a tile which carried surface water west on Brown street. At the following meeting residents on West Laurel street, east of Poplar, filed a remonstrance alleging that the proposed improvement would change the water course by diverting the surface water to Laurel street instead of to Brown street. They stated that the tile and open ditch on Laurel street already are congested and that the change would result in overflows.

The council took no action on the remonstrance and the contractor was ordered to begin work. The removal of the tile at the corner of Brown and Poplar streets was started this morning and the Laurel street residents again asked the council to reconsider the matter. A committee of councilmen inspected the work this morning but refused to modify the order.

Sherman Day, representing the Laurel street property owners, told the councilmen that he would seek an injunction. The matter was taken up with Montgomery & Montgomery, attorneys, after 12 o'clock, but by that time the concrete work at the corner had been completed and it was then too late to ask for a restraining order. It was stated this afternoon that the objectors felt confident that the change in the water course would result in damage to their property and that they intended to file suit against the city labor.

## SETTLEMENT WITH CITY IS DUE SOON

County Treasurer Completing Apportionment of Funds Due the Municipality.

SEYMOUR TO GET ABOUT \$43,000

Slightly More Than Half of This Amount, However, Will be Made in First Distribution.

J. Paul McMillan, county treasurer, and Albert Luedtke, auditor, are completing the apportionment of funds for the various townships and other units upon the basis of the taxes which were paid at the first annual installment in May. There is considerable work in connection with this distribution as the levy for each fund is different from others and the amounts which are paid to the taxing units vary greatly. Although the first Monday in May is the last day for the payment of the first installment of taxes before the delinquent fee becomes due several weeks after that date were required to complete the apportionment of the money.

City officials have been figuring on the amount that will be received by Seymour this month as a result of the first semi-annual distribution. The disbursement, it is thought, will not be radically different from the amount received at the same time last year. The appraised value of city property is double of what it was a year ago, but the levies were cut in two so far as the city government is concerned.

According to the best estimates that can be made at this time the

### HIGHEST TEMPERATURE OF SEASON RECORDED

Mercury in Government Thermometer Forced to Ninety-one Degrees—Favorable to Corn.

The government thermometer today showed a reading of ninety-one degrees, the highest for the season. This is two degrees higher than the maximum reading Wednesday and indicates that summer is slowly but surely approaching.

Farmers are delighted with the warmer weather which is needed, they say, to insure proper corn growth. The weather during the early summer and late spring has been unfavorable to corn although wheat, oats and clover have benefited by the low temperature. Farmers are of the opinion that the wheat yield will be larger than was anticipated a few months ago as many of the fields are in much better condition. The oats, especially the early sown fields, are also in fine condition, it is reported.

### FIRST STEP TOWARDS RECOGNITION OF MEXICO

Iglesias Calderon Appointed as Special Envoy to Washington.

By United Press.

Mexico City, June 10.—The first step toward recognition of the Mexican revolutionary government by the United States was believed by observers here today to have been taken by appointment of Iglesias Calderon as special envoy to Washington. It was learned on good authority he will become Mexican ambassador as soon as the United States government accords recognition to the Mexican regime.

### PERSHING BOOMED FOR THE DEMOCRATIC NOMINATION

Invited to Attend San Francisco Convention as Guest of Missouri Delegation.

By United Press.

New York, June 10.—A "dark horse" boom for General John J. Pershing for the Democratic presidential nomination was set in motion here today. It was announced that Edward Goltra, national Democratic committee from Missouri, is in Washington today to invite General Pershing to attend the San Francisco convention as the guest of the Missouri delegation on the special train.

Pershing is a native of Missouri and the men behind this movement claim he is eligible for nomination as a Democrat, although he has no definite party alignment.

## SUB-COMMITTEE AGREED TO LEAGUE OF NATIONS PLANK

### PLATFORM URGES SIMPLER TAX LAWS

Republican Party Takes Stand on Practically Every Important National Issue.

#### CLAUSE ON LIVING COSTS

Recognition Taken of Principle of Collective Bargaining—Woman Suffrage is Indorsed.

By United Press.

Chicago, June 10.—The draft of the Republican platform as prepared by the sub-committee of the resolutions committee for presentation to and approval by the full committee has been completed except the League of Nations and Mexican relations planks it was learned today, and contains the following provisions.

#### WILSON ADMINISTRATION.

The administration's conduct of the war is indicted for inexcusable failure to make timely preparation. This plank will charge that "vision, leadership and intelligent planning" for a return to peace have been lacking in the administration. The Republican party it asserts will resist all attempts to overthrow the foundations of the government, whether made "in the form of international policy or of domestic agitation." Republican congressional achievements—which are enumerated—were made, it is declared in the face of "vindictive vetoes" by President Wilson.

#### PROHIBITION.

The only mention of prohibition in the sub-committee's draft is "It, (the Republican congress) provided for the enforcement of the eighteenth amendment to the constitution."

#### LABOR.

The proposed plank recognizes the justice of collective bargaining and declares for government initiative to reduce the frequency and limit consequences of strikes and lockouts. It declares the principle of the Esch-Cummins law for strike settlements should be applied in modified form to public utilities. In private industry the proposed plank favors better facilities for voluntary mediation. No reference is made to general prohibition of strikes or Governor Allen's industrial court idea.

#### HIGH COST OF LIVING.

"We decline to deceive the people" this proposed plank said, "with vain promises or quack remedies." It blames the fiscal policy of the Democratic administration for present condition and pledges the party to earnest and consistent attack on the high cost of living by avoiding further inflation through governmental borrowing, by deflation of the currency and credit, by provision against unreasonable profits, public economy and revision of "war imposed taxes, unsuited to peace time economy."

It condemns failure to enforce laws against profiteering.

#### TAXATION.

The people are warned not to expect early tax reductions, because of present governmental debt and obligations. It advocates simpler tax laws and simplification of the income tax return.

#### SOLDIER BONUS.

A pledge to discharge to the full the obligations a "grateful nation justly should fulfill" without specific promise of bonus legislation is in this proposed plank.

#### WOMAN SUFFRAGE.

Republican governors whose states have not yet acted on the suffrage amendment are urged immediately to call special legislative sessions for that purpose.

#### THE FARMER.

Government regulated cooperative

### MINORITY REPORT WILL NOT BE FILED

Stands for Foreign Policy Followed by Washington and Monroe—League Condemned.

#### ALL FACTIONS SATISFIED

Johnson Announces That He Will Not Likely Take Floor—Mexican Plank Also Completed.

By United Press.

Chicago, June 10.—The sub-committee of the resolutions committee unanimously adopted a treaty plank for the Republican national platform shortly before noon today. This means that no minority report will be presented to the full committee.

The plank as agreed upon provides:

1.—Condemnation of the treaty and the League of Nations in their present form.

2.—Commendation of the senators who voted to defeat the pact and the covenant as presented by President Wilson.

3.—A statement in effect that any agreement with a foreign nation must conform with American ideals and with the policies of Washington and Monroe.

4.—A statement favoring the principle of an international court to settle disputes between nations.

The agreement was reached at the conference of Odgen Mills, Senator William Borah and Senator Reed Smoot.

There is nothing in the treaty plank even intimating that the Republican party favors ratification in any form, absolute silence being maintained on that subject.

A surrender by the reservationists' forces headed by Murray Crane, Massachusetts, suddenly changed the aspect of the fight in the resolutions committee over the treaty plank and in the opinion of party leaders greatly reduced the danger of a contest on the floor of the convention.

The Crane forces in the sub-committee on resolutions agreed to a plank which omitted things for which they have been battling—an affirmative declaration of ratification of the treaty without reservations. The reservationists were given concessions by the Borah-Johnson group of "bitter-enders" in the matter of phraseology, but Senator Borah declared after the agreement that the principle of no affirmation in favor of ratification had been conceded.

The sub-committee was to submit its unanimous report on the treaty plank to the full resolutions committee early this afternoon. Leaders hoped, they said, that it would be accepted by a full committee.

When he learned of the action taken by the sub-committee Senator Johnson who had threatened to take the question to the convention floor if defeated said:

"It has been an all night fight concerning this platform and it is my understanding that there will be no declaration in this platform in the favor of the league of nations, but the platform will declare for the foreign policy in conformity with the policy of Washington and Monroe and there is no intimation in the platform of the ratification of the league. This is a tremendous victory for Americanism. It is a signal and overwhelming defeat for internationalism and for international bankers. Of course, I realize that there are certain international bankers here today determined not only to write the platform of the Republican party but also to nominate a candidate for president. They have

BEN SNYDER'S STORE HERELouisville Man Takes Over Control  
of Local Business—Name  
Will Be Changed.

S. Taustine, of Louisville, has purchased the Ben Snyder department store in this city and will take over the active management of the business next Monday. The name of the store will be changed to conform to the new ownership. Mr. Taustine came here about a week ago to familiarize himself with the business before talking over the active management. Mr. and Mrs. Taustine have moved here and temporarily are living at the New Lynn Hotel.

The Ben Snyder store was established here about eighteen months ago by Mr. Snyder who owns a large department store in Louisville and who is also interested in mercantile establishments in several other cities. Eli Shapero has been manager of the business and under his direction the store has enjoyed a large and profitable patronage. The store here was sold because of the demands of the Louisville store upon Mr. Snyder's time. Mr. Shapero will go to Louisville and become associated in the business there. However, he will remain here until after the Independence Day celebration as he is a member of several important committees of the American Legion having the observance in charge.

Mr. Taustine is a firm believer in modern business methods and his experience has been such as to be very valuable to him in his undertaking here. He has already made many friends here, who predict for him a continuation of the large patronage which the store has enjoyed.

CHALMERS

WITH ITS  
HOT SPOT AND RAM'S HORN

The public the country over now accepts Hot Spot and Ram's-horn, and in accepting them the public pays Chalmers a nation-wide tribute.

For when the great American jury endorses a principle it means other makers must follow that principle.

In this way Chalmers has been awarded an engineering leadership.

Just what Hot Spot and Ram's-horn accomplish and how they do it has been told many times, but no other maker has yet found a way

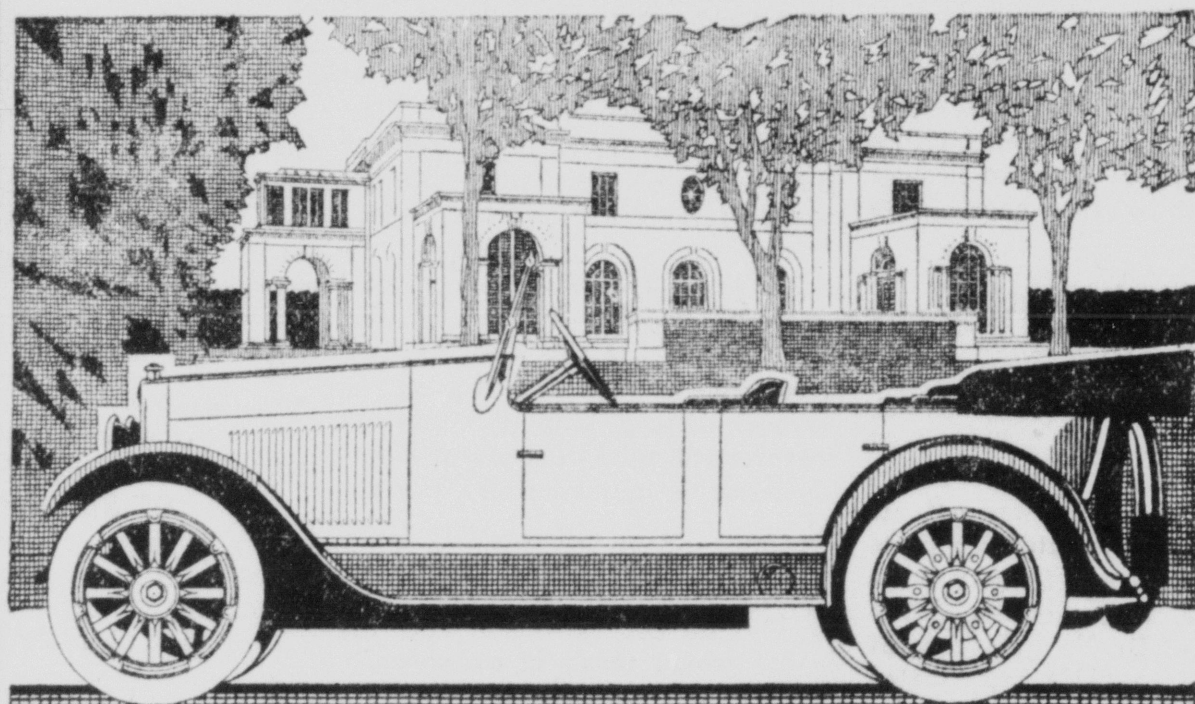

to improve upon them. Hot Spot vaporizes the raw, heavy, inferior gasoline of the day into a "fine cloud." Ram's-horn rushes it at a velocity of 100 miles an hour through "easy air bends" to each cylinder, equidistant from Hot Spot.

One without the other would be ineffective.

Playing together they lift Chalmers to a high peak of efficiency.

The reward has been the ever growing opinion of the public that Chalmers is one of the few great cars of the world.

## Additional Social Events.

**BAPTIST MISSIONARY SOCIETY.**  
"Christian Americanization—What They Find," was the subject for study at the meeting of the Baptist Missionary Society this afternoon at the home of Mrs. George Bartlett, West Fourth street. Rev. T. C. Smith was the leader.  
Light refreshments were served by

the hostesses, Mrs. John Lockmund, Mrs. Ben Hamilton, Mrs. T. C. Smith and Mrs. Bartlett.

## BIRTHDAY SURPRISE.

Fred Schneider was surprised Wednesday evening at his home 413 West Brown street, by a number of his relatives and friends. The occasion was his sixty-third birthday anniversary. The evening was spent with music and social conversation and refreshments of ice cream and

cake were served. Mr. Schneider was presented with a number of gifts.

## SIX O'CLOCK DINNER.

Mrs. M. E. Downing entertained with a six o'clock dinner Sunday in honor of Mr. and Mrs. John Finke and daughter, Dorothy, of Sulphur Springs.

## W. C. T. U.

A business meeting of the W. C. T. U. was held Wednesday afternoon at

the home of Mrs. C. R. Hoffmann, Tipton street. During the afternoon an interesting address was given by Mrs. M. C. Carpenter, and a piano solo was given by Mrs. W. F. Pfaffenberger.

This was the first meeting to be held for some time and plans were made for meeting regularly each month hereafter.

## ADDRESSES CLUB.

Miss Adelaide Gasaway gave an address this afternoon before the Department Club at Greensburg, telling of her experiences while overseas as an entertainer during the World War. The Department Club was recently formed in Greensburg and is composed of all of the study clubs there.

## BIRTHDAY PARTY.

Miss DeAlba Brodhecker, daughter of Mr. and Mrs. A. J. Brodhecker, Brownstown, entertained about twenty-five of her little friends Thursday afternoon in honor of her eleventh birthday anniversary.

marketing plans are encouraged. Scientific study of agricultural systems, an inquiry on coordination of transportation to facilitate food distribution, encouragement of export trade in farm products are advocated.

Administration of the farm loan act to enable farmers to own their own farms.

## NATIONAL ECONOMY.

Declaring the "stubborn refusal" of the administration to cooperate to prevent greater government expenditure reductions for 1920-21, the plank pledges the party to "a carefully planned readjustment" of

the government; to rigid economy, better coordination of government agencies and elimination of needless employees.

## THE BUDGET.

President Wilson's veto of the Good McCormick national budget bill is condemned.

## PRESIDENTIAL WAR POWERS.

Severest condemnation is heaped upon President Wilson for retaining war powers which, the plank says, show his "determination not to restore to the states and the nation

the form of government provided for by the constitution."

Banks are urged to give credit preferences to essential industry. The federal reserve system, the plank says, should be free from political domination.

Liberal good roads appropriations are advocated in cooperation with the states. Funds lost in taxation to states having forest reserves, should be taken into consideration in de-

# ANNOUNCING

## The Opening of Our Cash Buying Cream Station Saturday, June 12, 1920

This Station is a Branch of The Beatrice Creamery Company, of Muncie, Indiana, and will be located at No. 7 North Indianapolis Avenue, Seymour, Indiana, under the management of S. B. Abbott.

Knowing that Seymour is one of the recognized cream centers we decided to open a branch right in the very heart of the industry.

Our business is being built on the principle of applied fairness.

We want every customer who has dealings with us to carry away with him a feeling of satisfaction.

We want him to feel that the Beatrice Creamery Company is a fair company to do business with and on these grounds together with the best of service we solicit a share of your patronage.

## OH, DEAR! MY BACK!

Merciful Heavens, how my back hurts in the morning! It's all due to an over-abundance of that poison called uric acid.

The kidneys are not able to get rid of it. Such conditions you can readily overcome, and prolong life by taking

"Anuric" (anti-uric-acid). This can be obtained at almost any drug store, in tablet form.

When your kidneys get sluggish and clog, you suffer from back-ache, sick-headache, dizzy spells, or twinges and pains of lumbago, rheumatism or gout; or sleep is disturbed two or three times a night, get Dr. Pierce's Anuric, it will put new life into your kidneys and your entire system. Send Dr. Pierce's Invalids' Hotel, Buffalo, N. Y., ten cents for trial package.

ELKHART, IND.—"When I started to take Anuric the kidney excretion was thick and cloudy, sometimes I was disturbed fifteen times in one night. I am advanced in years and quite timid about taking advertised remedies, but I felt perfectly safe in taking Anuric because I had been so greatly helped by Dr. Pierce's other remedies. I took one package and my rest at night is unbroken, and consequently my general health is greatly improved."—MRS. S. J. ANDERSON, No. 700 Marion Street.

she will spend the summer.

Miss Lenora Thieksten went to Columbus this morning to visit her grandfather, W. H. Boxman.

Mrs. Maude Boas went to Bloomington this morning to be the guest of Mr. and Mrs. J. E. Luzadder.

Mrs. O. D. Seelinger and son, Horace, and Mrs. Agnes Dennison went to Milan today to visit relatives.

Mrs. J. M. Christie and grandson have returned to Indianapolis after a visit with Mrs. Martha Smith at Chestnut Ridge.

Mrs. F. Wilde and daughter, Audrey, who have been visiting relatives east of the city, left today for their home in Tulsa, Okla.

Mrs. Harold Wright and two children left this morning for Logansport to visit her sisters, Mrs. Arthur Roemmel and Mrs. John Fletcher.

Carl Beem, who has been visiting his parents, Mr. and Mrs. Claude Beem, Redding township, was in the city today enroute to Indianapolis.

Albert Williams has returned from Purdue University, Lafayette, and is spending the summer vacation with his parents, Mr. and Mrs. J. L. Williams.

George T. Bartlett left today for Whiteland and other cities on business for the Seymour Woolen Mills. He expects to be gone the remainder of the week.

Mrs. Henry Waggoner and sons, Carl and Millard, Columbus, who have been visiting relatives here for several days, returned to their home this afternoon.

## Midwest Dependable Power Sells Everywhere

**T**HE reputation of Midwest engineering and of Midwest products has carried to the remotest countries of the globe. In the rice fields of Japan you will find pumps made by the Anderson branch of the Midwest Engine Company, driven by Midwest dependable power. Midwest steam turbines drive American merchant vessels. Midwest oil-burning engines are doing duty in all waters and under many flags. In the mines of Siberia, South America and Mexico, Midwest prime movers drive dependable Midwest pumps. The volume of Midwest equipment sold here in America, however, exceeds Midwest exports.

Midwest produced 634,850 horse power during the war.

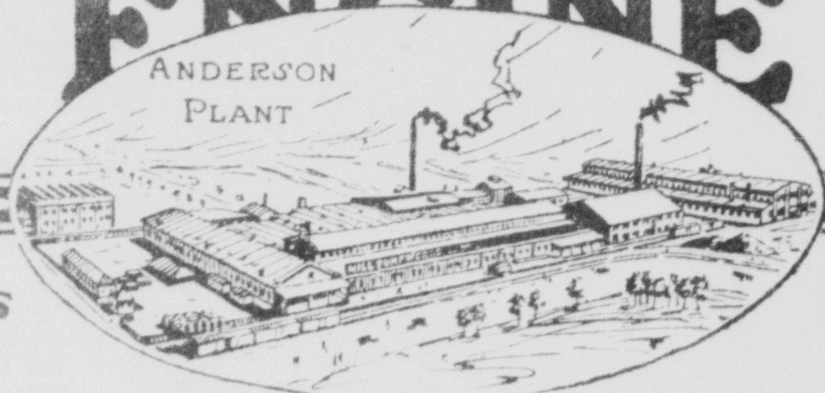

Every loyal Hoosier should know these facts in order that he may speak knowingly about this big Indiana manufacturing institution.

Since the war Midwest has developed the Utilitor, a farm motive unit of vital importance to food raisers the world over, and a heavy duty, high speed engine that has met with such general approval among truck and tractor builders that even Midwest's capacity is taxed to the utmost to meet resulting demand.

Today Midwest ranks high among the world's best and largest producers of motive power. Its industrial importance is being internationally recognized. Its power is helping drive civilization forward.

### SOCIAL EVENTS

#### DOUGLASS—McOSKER.

The marriage of Miss Kittie Douglass and Harry McOsker, both of Brownstown, was solemnized today at noon at the home of the bride's aunt, Mrs. W. P. Davison, Mattoon, Ill. Only a few immediate relatives witnessed the ceremony.

The bride wore a beautiful frock of white organdie with an organdie hat to match, and carried an arm bouquet of bride's roses.

They will spend a few days in Mattoon and will then go to Indianapolis for a visit before returning to Brownstown, where they will make their home.

The bride is the daughter of Mr. and Mrs. S. A. Douglass, Brownstown, and for a number of years was chief operator in the Brownstown Telephone Exchange. She has many friends in this city as well as in Brownstown.

The groom is a son of Mr. and Mrs. Joe McOsker and is employed with the Ewing Milling Company.

#### C. C. CLUB.

The members of the C. C. Club entertained Wednesday evening at the home of Miss Marguerite Edgar, corner Chestnut and Bruce streets, in honor of Miss Louise Klaycamp, who is leaving soon for Indianapolis.

The evening was spent in games and music. While the refreshments were being served Miss Klaycamp was presented with a gift from the girls of the club and from the teacher, Mrs. Phillips.

Those present were Misses Elizabeth Randolph, Helen Wolter, Kathryn Kirsch, Elnora Lockmund, Kathryn Schaefer, Vera Lockmund, Louise Klaycamp, Louise Taskey, Minnie Plummer, Emma Quadde, Esther Phillips, Marguerite Edgar, Mrs. Emma Phillips, Mr. and Mrs. Edgar, Messrs. ### LEMON JUICE

### FOR FRECKLES

Girls! Make beauty lotion for a few cents—Try It!

Squeeze the juice of two lemons into a bottle containing three ounces of orchard white, shake well, and you have a quarter pint of the best freckle and tan lotion, and complexion beautifier, at very, very small cost.

Your grocer has the lemons and any drug store or toilet counter will supply three ounces of orchard white for a few cents. Massage this sweetly fragrant lotion into the face, neck, arms and hands each day and see how freckles and blemishes disappear and how clear, soft and rosy-white the skin becomes. Yes! It is harmless and never irritates.

### LUTHERAN SCHOOL YEAR CONCLUDED

(Continued from first page)

Arthur Rebber, Arthur Siefker, Alfred Schepman, Walter Vondelinger, Mabel Aufferberg, Frieda Klostermann, Hazel Bohnenkamp, Irma Snyder, Laura Herkamp, Minnie Von Fange, Lea Otting, Beatrice Gerdorn, Anna Wisniewer and Laura Windhorst.

The school term has been very

successful. The enrollment was 227, the largest in the history of the school. The members of the faculty are H. F. Lange, W. Preuss, G. Twietmeyer and Albert Wilde.

Three of the graduates will enter school at Lake Forrest, Ill., next fall and a number of the others will attend the local high school. Harold Ahlbrand, Everett Otte and Arthur Rebber expect to attend Lake Forest College.

The annual picnic given by the

school will be held in Vebshage's woods next Tuesday. This outing is always largely attended and many features which will be of interest to the school children are arranged.

## The VALLEY of the GIANTS

By PETER B. KYNE

Author of  
"Cappy Ricks"

Copyright by Peter B. Kyne

The Colonel raised his glance and bent it upon her in cold appraisal. She met it with firmness, and the thought came to him: "She is a Pennington!" And hope died out in his heart. He began pleading in maudlin fashion for mercy, for compromise. But the girl was obdurate.

"I am showing you more mercy than you deserve—you to whom mercy was ever a sign of weakness, of vacillation. There is a gulf between us, Uncle Seth—a gulf which for a long time I have dimly sensed and which, because of my recent discoveries, has widened until it can no longer be bridged."

He wrung his hands in desperation and slid to his knees before her; with hypocritical endearments he strove to take her hand, but she drew away from him. "Don't touch me," she cried sharply and with a breaking note in her voice. "You planned to kill Bryce Cardigan! And for that—and that alone—I shall never forgive you."

She fled from the office, leaving him cowering and groveling on the floor. "There will be no directors' meeting, Mr. Sexton," she informed the manager as she passed through the general office. "It is postponed."

That trying interview had wrenched Shirley's soul to a degree that left her faint and weak. She at once set out on a long drive, in the hope that before she turned homeward again she might regain something of her customary composure.

Presently the asphaltum-paved street gave way to a dirt road and terminated abruptly at the boundaries of a field that sloped gently upward—a field studded with huge black redwood stumps showing dismally through coronets of young redwoods that grew riotously around the base of the departed parent trees. From the fringe of the thicket thus formed, the terminus of an old skid-road showed and a signboard, freshly painted, pointed the way to the Valley of the Giants.

Shirley had not intended to come here, but now that she had arrived, it occurred to her that it was here she wanted to come. Parking her car by the side of the road, she alighted and proceeded up the old skid, now newly planked and with the encroaching forestation cut away so that the daylight might enter from above. On over the gentle divide she went and down toward the amphitheater where the primeval giants grew. And as she approached it, the sound that is silence in the redwoods—the thunderous diapason of the centuries—wove its spell upon her; quickly, imperceptibly there faded from her mind the memory of that groveling thing she had left behind in the mill-office, and in its place there came a subtle peace, a feeling of awe, of wonder—such a feeling, indeed, as must come to one in the realization that man is distant but God is near.

city will receive about \$43,000 this year. Slightly more than half of this amount will be paid this month and the balance will come when the second installment of taxes is paid in November. Of the total amount to be received by Seymour, the library will get about \$2,500, the park \$750 and the hospital \$750. These levies are fixed and the funds, are based on the amount of taxes paid.

The water and light contracts during the present year will aggregate close to \$18,000 to be used for the payment of bonds which will fall due during the fiscal year. This

## PAINS NEARLY DOUBLED ME UP

Nothing Helped Me Until I  
Took Lydia E. Pinkham's  
Vegetable Compound.

Wyandotte, Mich.—"For the last four years I have doctored off and on without help. I have had pains every month so bad that I would nearly double up. Sometimes I could not sweep a room without stopping to rest, and everything I ate upset my stomach. Three years ago I lost a child and suffered so badly that I was out of my head at times. My bowels did not move for days and I could not eat without suffering. The doctor could not help me and one day I told my husband that I could not stand the pain any longer and sent him to the drugstore to get me a bottle of Lydia E. Pinkham's Vegetable Compound and threw the doctor's medicine away. After taking three bottles of Vegetable Compound and using two bottles of Lydia E. Pinkham's Sanative Wash I could do my own housework. If it had not been for your medicine I don't know where I would be today and I am never without a bottle of it in the house. You may publish this if you like that it may help some other woman."—Mrs. MARY STENDER, 120 Orange St., Wyandotte, Mich.
